

71st Annual Meeting of the British Thyroid Association

(Royal College of Pathologists, London; Friday 9th June 2023)

Programme

Time	Title	Speaker
0915	Registration, Coffee	
0955	Welcome Address	Simon Pearce, BTA President
1000	Symposium: Challenging areas in thyroidology Chairs: Nadia Schoenmaker & Fahad Arshad	
	Challenges in managing paediatric thyroid disease – From infancy to adolescence	Renuka Dias
	Amiodarone-induced thyroid disorders	Mark Vanderpump
	Subclinical hyperthyroidism	Bernard Goichot
1130	Oral Communications (Clinical & Basic) Chairs: Martin Read & Carla Moran	
	OR1 Comparison of Long-term Mortality and Cardiometabolic Effects of Treatment for Hyperthyroidism: EGRET Study	Barbara Torlinska, Jonathan M. Hazlehurst, Krishnarajah Nirantharakumar, G. Neil Thomas, Julia Priestley, Keith R Abrams, Kristien Boelaert
	OR2 The relation between thyroid function and lipid metabolomics and response to combination thyroid hormone replacement	Peter N Taylor, Stephanie Hanna, Adrian Sayers, Robert French, Bjørn Asvold, LDKE Premwardhana, Michael Stedman, Aled Rees, Onyebuchi Okosieme, Nicholas Timpson, Adrian Heald, Colin M Dayan
	OR3 Rational drug design of VCP inhibitors to enhance NIS function in radioiodide therapy	Ling Zha, Katie Brookes, Jana Kim, Benjamin Small, Merve Kocbiyik, Selvambigai Manivannan, Hannah R. Nieto, Giovanni Bottegoni, Liam R. Cox, Vinodh Kannappan, Weiguang Wang, Kavitha Sunassee, Philip J. Blower, Vicki E. Smith, Martin L. Read, Christopher J. McCabe
	OR4 Exploiting endocytic factors as druggable targets to enhance sodium iodide symporter activity with clinical implications for radioiodide therapy	Katie Brookes, Ling Zha, Jana Kim, Merve Kocbiyik, Selvambigai Manivannan, Kavitha Sunassee, Philip J. Blower, Hannah R. Nieto, Vicki E. Smith, Martin L. Read, Christopher J. McCabe
	OR5 NOX3 Variant Effect on Anti-Thyroid Drug-Induced Agranulocytosis (ATD-Ag)	Rachel E Holliday, Kath Allinson, Will Drake, Krishna Chatterjee, Amit Allahabadia, Kristien Boelaert, Salman Razvi, Colin Dayan, Florian

		Wernig, Onyebuchi Okosieme, Jackie Gilbert, Ahmed Al-Qaissi, Tristan Richardson, Anastasios Gazis, Zin Zin Htike, Moulinath Banerjee, Vladimir Vaks, Christine May, Rupa Ahulwalia, James McClaren, Prakash Abraham, Graham Leese, Nidhi Choudhary, Simon H Pearce, Bijay Vaidya
	BTF Award Winner Update: Management of hyperthyroidism during pregnancy: data from a large primary care cohort	Peter N Taylor, Bijay Vaidya
1300	Lunch & Poster viewing	
	PO1 Diverse Clinical and Laboratory Phenotypes associated with Heterozygous <i>PAX8</i> Mutations	Ravikumar V, Peters C, Cerbone M, Arya VB, Agrawal P, Katugampola H, Langham S, Schoenmakers E, Schoenmakers N
	PO2 Elucidating the mechanisms via which the proto-oncogene PBF stimulates cell motility in thyroid tumour progression	Selvambigai Manivannan, Merve Kocbiyik, Mohammed Alshahrani, Mohammed E El-Asrag, Ling Zha, Katie Brookes, Hannah R Nieto, Martin L Read, Andrew Beggs, Chris J McCabe, Vicki E Smith
	PO3 Iopanoic acid for pre-operative preparation for total thyroidectomy in patients with thyrotoxicosis: a case series	Christine Newman, Muhammed Saqlain, Isra Ahmed Mohammed, Daniel Bell, Nadia Schoenmakers, Carla Moran, Diana Woods, Krishna Chatterjee
	PO4 British Thyroid Association Survey of Graves' disease management in the UK	Koteswara Muralidhara, Prakash Abraham, Bijay Vaidya, Onyebuchi Okosieme
	PO5 Exploring the Association Between Thyroid Nodules Location and the Risk of Malignancy: Findings from a pilot retrospective study	Bilal Jajah, Thazin Wynn, Jayamalee Jayaweera, James Maye, Rogers Rebecca, Khin Pyae Soe, Finch Laurie
	PO6 Treatment resistant Amiodarone-induced Thyrotoxicosis in a patient with laminopathy requiring salvage thyroidectomy	Tansey DJ, O'Connell J, McQuillan R, Frohlich S, Griffin M, Lyne J, Moran C
	PO7 "It's a Grave problem" – A case series of hypercalcaemia due to thyrotoxicosis	Nadia Osman, Henna Patel, Gadintshware Gaoatswe
	PO8 A Unique Case of Concomitant Thyroid Paraganglioma and Parathyroid Carcinoma	Thazin Wynn, Bilal Jajah, Joohi Majeed
1400	British Thyroid Foundation Update	Cheryl McMullan, Julia Priestley
1410	George Murray Lecture (30+5 min) Chair: Simon Pearce The molecular analysis in thyroid cancer: from a researchers' curiosity to a	Laura Fugazzola

	clinicians' need	
1445	Coffee Break & Poster Viewing	
1515	Symposium: Updates in thyroid diseases	
	Chairs: Nicola Zammit & Earn Gan	
	Year In basic thyroidology	Peter Kopp
	Quality of life in hypothyroidism	Colin Dayan
	Treatment decision making in Graves' disease	Caroline Van-Kinschot
1645	Prizes	
1700	Close of meeting
